The Union Railway, Corcoran Art Gallery, Etc., as Seen by Prof. Ireland.

Two buildings of prime importance have been unconsciously overlooked in this description. One is the "Union Railway Station," the other, the Corcoran Art Gallery. The station is the largest and finest in the world. Congress made an appropriation of several hundred thousand dollars to supplement the poor railway corporation's funds. It is a structure of magnificent proportions and is now almost completed. It is three blocks northeast of the Capitol building, on Massachusetts Avenue, the finest in the city. The Corcoran Art Gallery, one of the chief places of interest in the city, was the scene of our last night-seeing experience in Washington, for through the courtesy of the trustees of the Corcoran Gallery of Art, the visiting teachers were given a reception at this place of beauty and culture. The United States Marine Band, through the courtesy of the assistant secretary of war, honored us by playing some of their martial airs. As the writer of this article is not a connoisseur, he will not attempt a detailed description of the masterpieces in this institution. Being somewhat "addled" by the dazzling display of painting and sculpture, we cannot give accurately a description of such notable masterpieces as "The Greek Slave," "Venus Melos," or "Venus of Milo." Among the paintings are such productions as Church's "Niagara Falls," Bierstadt's "Mount Corcoran of the Sierra Nevada," the latter of which is in honor of Mr. Corcoran, the promoter of the institution. This is not a description at all, but one may secure a catalogue for a small sum and thus get into the merits of each picture and work of art. It will most likely be of profit to some to examine curiously some of the other features of this city of magnificent distances. A prominent feature to me is the large number of statues at different localities, a few of which attract the attention of the visitor. This feature shows that the spirit of the times has changed some since Shakespeare wrote in Henry VIII:

Men's evil manners live in brass,
Their virtues we write in water.

It also proves that we live in deeds, not years; for each statue is erected to commemorate some brave deed of service. Truly it may be said of them, that they may rest from their labors and their works do follow them. It seems to me that a partisan controlling power has brought it about that no champion of a lost cause, however sincere and noble and brave, is to be honored in marble or bronze in the Capital city. For why should Sherman and his ilk be memorialized any more than some of the bravest heroes that ever died on the field of battle? Is it because of a lost cause or not? Why have not Lee, Johnston, et al., a right to be memorialized in such a way as to record their bravery, valor, honor and courage, than whom no one ever possessed more. If it be true that,

Yon marble minstrel's voiceless stone
In deathless song shall tell,
When many a vanished age hath flown,
The story how they fell,

then let it tell also of some of the brave, proud, battle-gashed forms of Dixie Land. I do not wish to appear too partisan but, "equal rights to all and special privilege or honors to none" is here disregarded. On Pennsylvania Avenue the first statue that commands one's attention after leaving Capitol Square, is that of Benjamin Franklin, on whose quadrangular base we see four words that fitly summarize his versatility: Printer, Patriot, Philosopher, Philanthropist. Gen. Jackson's statue at Lafayette Square, opposite the White House, appropriately signals the great deeds of the hero of New Orleans. The bronze work was made from cannon captured at the Crescent City. Another of similar nature is that of Gen. Winfield Scott, the bronze work of which is moulded from cannon taken in the Mexican war. There are several statues of Lincoln and quite a number of Washington. Most all of us are agreed that these are just tributes to men of true worth and for deeds of merit. One other tribute of note before we pass from the Northeast of the executive mansion, and that is of that valiant Italian general, sent by the French, and the man who was of such material assistance to Washington in the capture of Yorktown. Here a splendid equestrian statue of Rochambeau faces the South and all true Americans delight to look at this great figure. One of the most imposing equestrian statues is that of Gen. William Tecumseh Sherman. It is located on the Northern part of the Mall, just south of the treasury of the United States. On its base, facing southward is this impressive inscription:

"On no earthly account will I do any act or think any thought hostile to, or in defiance of the old government of the United States." These words, so full of patriotic beauty and sentiment seem to be a far greater eulogium than

is due one who devastated our fair South Land in that memorable "march to the sea." All that is useful to the sturdy yeoman was in the fall of 1864 destroyed. A fertile region 60 miles wide and 300 miles long was devastated and desolated. Twenty-five thousand bales of cotton were confiscated at Savannah and sent to President Lincoln as a Christmas present. A delightful donation to the chief executive and his followers, but was it not an act that would deprive many an innocent Georgian of sustenance and it seems just a little hostile to a part of the U. S.

But we will change our subject here to the city and its origin. When we realize that just a little more than a century ago the ground on which this city and the statues, etc., which we have described, now are built, was an unpaved bog in time of rain and its scavengers were half wild hogs, we can but be bewildered at the wonderful progress of our times. The sight of the capital city was selected by Washington, to whom Congress delegated that power in 1790. The District of Columbia was originally 10 miles square, but it now contains only about 70 square miles. The 1790 session of Congress passed a measure to fix the capital for 10 years at Philadelphia, and then a district 10 miles square was to be selected by the president, to be situated on the Potomac river. President Washington naturally selected a point in close proximity to his Mt. Vernon estate and one most likely surveyed by him during his days spent in that profession. This is the origin of the District of Columbia, and here ends my story.

No Use To Die.

"I have found out that there is no use to die of long trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." Saturday night the hounds were called over the phone to Merri-mac, Taylor county, where a smokehouse had been broken into. With a good start in a drenching rain, they trailed 23 miles to a cabin, where two men named Cannon and Cain were found with the goods and arrested.

The Christian church was opened to the public Sunday morning, March 8, at which time the first service was held. Mr. G. Medairy, the decorator, has given Hustonville and vicinity a beautiful sample of his ability to combine a painted and papered design. J. P. E. McKeown, who is visiting Hustonville, was invited to view the church, and expressed himself in part as saying it is a grand blending of colors, and the Colonial panels brought out by the Gothic columns, forms the whole in a very harmonious effect in which very good taste has been shown. Mr. McKeown is a practical architect. He is here to direct the erection of A. J. Adams' new home.

\$100.00 paid by Dr. Shoop for any recent case of Grippe or acute Cold that a 25 cent box of Preventics will not break. How is this for an offer? The Doctor's supreme confidence in these little Candy Cold Cure Tablets—Preventics—is certainly complete. It's a \$1. against 25 cents—pretty big odds. And Preventics, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventics 25c. Penny's Drug Store.

The Tennessee Supreme Court has reversed the lower court in the case of Dr. J. Herman Feist, charged with the murder of Mrs. Rosa Mangrum. The lower court found Feist guilty of murder and sentenced him to be hanged.

"I have found out that there is no use to die of lung trouble as long as you can get Dr. King's New Discovery," says Mrs. J. P. White, of Rushboro, Pa. "I would not be alive today only for that wonderful medicine. It loosens up a cough quicker than anything else, and cures lung disease even after the case is pronounced hopeless." This most reliable remedy for coughs and colds, influenza, asthma, bronchitis and hoarseness, is sold under guarantee at Penny's Drug Store, 50c. and \$1. Trial bottle free.

C. W. Longmire and C. G. Clark, guards in the penitentiary, filed suit for \$5,000 damages against the Lexington Leader for alleged libel. The Leader published a story during the Powers trial charging that Longmire and Clark, who were guards in charge of Henry Youtsey when he was taken to the courthouse at Georgetown, had allowed him to visit his wife. The two guards say it was a reflection on them and was a charge of dereliction of duty.

Wm. Wheat and wife, formerly of Mt. Salem, now doing a good business in Middleburg, passed through here last week en route to the cities to make Spring purchases. A nine-pound girl has arrived at the home of Mack Coulter and wife to add to their happiness in their declining years.

The success of the horse sale here last week was far beyond the fondest hope of the managers. Encouraged by their late success and solicited by their numerous patrons, they will hold two sales next year, one in February and the other in April. Preparatory to these sales they will build an up-to-date shed with elevated seats and with a wide driving track and stalls. Buyers were here from several States.

Lincoln's bloodhounds were called to Roy's Mill Friday, where a store was broken open, show cases demolished, etc. The trail was followed to a house and David Toms and son, Luther, were arrested. Saturday night the hounds were called over the phone to Merriam, Taylor county, where a smoke-house had been broken into. With a good start in a drizzling rain, they trailed 24 miles to a cabin, where two men named Cannon and Cain were found with the goods and arrested.

The Christian church was opened to the public Sunday morning, March 8, at which time the first service was held. Mr. G. Medairy, the decorator, has given Hustonville and vicinity a beautiful sample of his ability to combine a painted and papered design. J. P. E. McKeown, who is visiting Hustonville, was invited to view the church, and expressed himself in part as saying it is a grand blending of colors, and the Colonial panels brought out by the Gothic columns, forms the whole in a very harmonious effect in which very good taste has been shown. Mr. McKeown is a practical architect. He is here to direct the erection of A. J. Adams' new home.

\$100.00 paid by Dr. Shoop for any recent case of Grippe or acute Cold that a 25 cent box of Preventies will not break. How is this for an offer? The Doctor's supreme confidence in these little Candy Cold Cure Tablets—Preventies—is certainly complete. It's a \$1. against 25 cents—pretty big odds. And Preventies, remember, contain no quinine, no laxative, nothing harsh nor sickening. Pneumonia would never appear if early colds were always broken. Safe and sure for feverish children. 48 Preventies 25c. Penny's Drug Store.

BAUGHMAN FOR SHERIFF.—Mr. M. S. Baughman announces this issue for the democratic nomination for sheriff of Lincoln county. Mr. Baughman is one of our best citizens, is well equipped to fill the office he aspires and is a democrat of the right stripe. In short he is splendid timber for sheriff. He proved that last term when in the opinion of many he made the best sheriff Lincoln county has had in years. He is a man of good judgment, is courteous to all and brave enough to serve any paper that may be placed in his hands. He believes that a peace officer should keep peace and during the four years he was sheriff he was of great service to the county attorney and commonwealth's attorney, going out of his way to help those gentlemen preserve the peace and dignity of the county and commonwealth. Few men in this section have worked harder or contributed more liberally for the furtherance of democracy and certainly there is no cleverer nor more honorable man in this good county.

Don't fail to read carefully the description and pedigree of Dr. G. G. Perry's fine stallion Don Varrick. He is an elegantly bred fellow, has the size and is a good individual.

James R. and Roy S. Beazley will stand Joe Brown, the splendid saddle stallion, and the good mule jack, Roxie, at Somerset this season. They have rented the fair grounds there and will also break and handle saddle and harness horses. Mr. Roy Beazley will have charge of the Somerset end of the business.

Your attention is called to the advertisement of F. Reid's great stallion, Dorsey Goldust. He will make the season at Mr. Reid's farm on the Hustonville pike at \$20 to insure a living colt. Dorsey has sired a large number of good ones, including Jack O'Diamonds, one of the greatest geldings that ever left the county.

Tickling or dry coughs will quickly loosen when using Dr. Shoop's Cough Cure. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for very young babies. The wholesome green leaves and tender stems of a lung healing mountainous shrub give the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Penny's Drug Store.

On the evening of March 24th the death angel visited the home of Mr. and Mrs. W. B. Land and carried away their darling baby, Lena, aged 10 months. We can't see why such a treasure was taken from them, but God hath found a place in heaven for this little angel. Weep not, dear parents, for she is not dead but sleeping in the land of paradise, where she will be first to welcome you at the pearly gates of heaven.

Good For Everybody.

Mr. Norman R. Coulter, a prominent architect, in the Delbert Building, San Francisco, says: "I fully endorse all that has been said of Electric Bitters as a tonic medicine. It is good for everybody. It corrects stomach, liver and kidney disorders in a prompt and efficient manner and builds up the system." Electric Bitters is the best spring medicine ever sold over a druggist's counter; as a blood purifier it is unequalled. 50c. at Penny's Drug Store.

Mrs. Beulah Hawkins, of Los Angeles, Cal., has been sleeping for 52 days. All efforts to awaken her have been futile.

IN MEMORIAM.

In loving remembrance of Johnnie Milton Terry.

There was a gloom of sadness cast over home on Feb. 29, 1908, when the death angel visited our home and took from us our 12-year-old son, little Johnnie. He was the son of Mr. and Mrs. C. C. Terry. Besides father and mother he leaves four brothers and three sisters to mourn the loss of a dear son and brother.

Little Johnnie is gone, but not forgotten. Never will his memories fade. Sweet thoughts will ever linger.

Round the grave where Johnnie is laid. Good-bye little Johnnie, good-bye, it is hard to part with little Johnnie, but we can meet him again if we will only try. There was an angel band in heaven that was not quite complete, so God took our little Johnnie to fill the vacant seat. May we learn ere the race of life is run, to say in our deepest sorrow, Thy will O God, not mine be done.

CHURCH MATTERS.

President C. C. Fisher, Dr. W. M. Miller and Rev. W. T. Watts dug the first earth for the new Millersburg Academy at Millersburg Saturday. The building will cost \$40,000, half of which was donated by the people of Millersburg.

Rev. Jos. Severance, chaplain of the State Prison at Frankfort, delivered an interesting and forceful address at the Methodist church last Sunday evening, under the auspices of the Y. M. C. A. His subject was "Assets and Liabilities." A large congregation heard him. Mr. Severance congratulated Woodford county upon the investment it is making in a Y. M. C. A. building, which would yield, he declared, handsome assets in strong, useful Christian young men. He urged that the building be completed at the earliest possible time. Mr. Severance is a very pleasing speaker.—Woodford Sun.

Remember that when the Stomach nerves fail or weaken, Dyspepsia or Indigestion must always follow. But strengthen these same weak inside nerves with Dr. Shoop's Restorative, and then see how quickly health will again return. Weak Heart and Kidney nerves can also be strengthened with the Restorative, where Heart pains, palpitation, or Kidney weakness is found. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is wrong. Go to the cause of these ailments. Strengthen these weak inside nerves with Dr. Shoop's Restorative and get well. A simple, single test will surely tell. Penny's Drug Store.

The Republicans of Casey county seem to be dividing up pretty nearly even between Fairbanks and Taft, and their followers will have a very warm time in the coming convention as to which shall have instructions form the delegates of this county.—Liberty News.

PRESTON 922.

(Vol. 11.)

Preston is one of the greatest live-gaited show horses that Kentucky has ever produced, winning at all the Kentucky fairs and also at the horse shows at Louisville, St. Louis and Kansas City. He is a brown horse with black points, 19 1/2 hands high, with fine style and very high action.

Sired by Washington 54.
First dam Bell, by Rhodertek 101.
Second dam by Denmark.
It is useless to commend him, as the people of this and adjoining counties know his record as a show horse and also for breeding purposes.
He will make the season of 1908 at my stable in Frankfort at \$15 to insure a living colt. Will keep mare on grass at \$2 per month, but not responsible for accident or escape of stock. Season due if mare is traded or parted with.
J. F. HALLLEY,
Frankfort, Ky.

Morgan Denmark.

This fine stallion will make the present season at the low price of eight dollars to insure a living colt. He has more Denmark blood than any other stallion as will be shown by his pedigree. Morgan Denmark was sired by the noted stallion On Time whose pedigree traces back to the imported Redgeford. Morgan Denmark's first dam, Lady Morgan, was one of the best saddle and show mares in Kentucky. She was sired by Stonehill Jackson.

J. K. BAUGHMAN.

Black Jack with white points, 16 1/2 hands high, large head and ears, heavy bone, was sired by Fairbank's Napoleon. J. K. is an excellent milker and a proven sure foot getter. As a breeder he has been true and proven season after season in this locality. He will stand at the low price of \$2 to insure a living colt. Season due if mare is traded or parted with. J. K. is a proven sire of champions.

JOHN.

The noted Sam Cochran Jack has been tried in this locality for many years and given satisfaction. He is in splendid condition to make the present season and will stand at the low price of \$2 to insure a living colt. You run no risk in patronizing such a Jack.

BULL.

Will stand at the Pollard Angus bull at one dollar at the gate. He has proven an excellent breeder.

The above mentioned stock will stand at my barn one mile North of Froescherville on the Lancaster and Crab Orchard pike. Mares and jennets grazed at a reasonable price. My individual attention given at all times and skilled service rendered, but not responsible should any accidents occur.
